We feed our own hay and grain to our animals

A farm owned and operated by
three consecutive generations

SWEET MEADOW FARM beginnings...

Inspired by the nutritional needs of our own
animals, we have created a healthy, premium
product line to share with those who also
want only the best for their animals.

As word spread out about the quality of the
hays, pellets and treats that we offer at Sweet
Meadow, others wanted this freshly packed,
pesticide-free, healthy alternative for their
own small animals. Our hays are harvested
from especially selected fields and ALL
products are hand packed to assure the
highest quality of nutrition and freshness.
